

# PACH25-30 Trailer/Skid Mounted

Portable Air Conditioning Unit

## 25-30 Ton Cooling - 60kW Electric Heat

The PACH25-30 Trailer or Skid mounted units are built around a tubular frame and are ideal for temporary cooling or heating in renovation projects. In particular, applications include spot cooling or heating and temporary cooling when the building air conditioner is down for maintenance. A perfect air conditioner for a tent or other temporary structure that needs commercial cooling, heating or dehumidification.

A compact, lightweight trailer for portable/temporary uses is available. This DOT-rated trailer includes dual-axles, hydraulic brakes, dual leveling jacks and a spare tire.
